Supporting Materials

Use the articles and suggested quote below to tell your members and supporters about your partnership with Fusion For Business. Choose the version that suits your newsletter or website, and add your club's contact details so interested businesses know how to get involved.

50 words

We've joined Fusion For Business's Community Ambassador Programme! Run a business or know someone who does? Your introduction could earn our club a referral reward to reinvest in facilities, equipment and our teams. The business could save on energy costs too. Contact the club and we'll arrange an introduction today.

100 words

We've teamed up with Fusion For Business through their Community Ambassador Programme to help raise extra funds for our club.

Run a business or know someone who does? By introducing them to FFB through the club, we could earn a referral reward when they arrange a qualifying energy contract.

That's additional income to reinvest in our facilities, equipment and teams, while the business could benefit from lower energy costs.

Whether it's your own business, your employer or a friend's company, your connection could make a difference.

Interested? Contact the club first and we'll arrange an introduction. Every introduction could help.

Quote

"At Fusion For Business, we pride ourselves on supporting communities, and we know how much your club means to yours. Through our Community Ambassador Programme, you can help it build an ongoing income by introducing businesses to us. It's a way to support your club's future, while helping those businesses explore potential savings on their energy."- Paul Fleckenstein, Managing Director, Fusion For Business
